STENSLAND CAUGHT; BETRAYED BY WOMAN

Sultan Will Surrender Fugitive to Authorities.

ATTORNEY OLSEN MADE ARREST

Chicago Bank Wrecker Pursued to Other End of the World, Is Captured in Tangiers—Confessed Guilt.

Chicago, Sept. 5.—A cablegram to the Chicago Tribune from Tangiers, Morocco, announces the capture in that city of Paul O. Stensland, the president of the Milwaukee avenue State bank, which closed its doors on Aug 6.

The arrest was made by a representative of The Tribune and Assistant State's Attorney Olsen of this city, who have been on the trail of Stensland since Aug. 13.

At the office of the state's attorney all information regarding the woman who had indirectly caused the arrest was refused. It was announced that Assistan. State's Attorney Olsen had, since embarking on the pursuit of Stensland, posing as the son of "Olsen," the named used by Stensland, declaring that he was anxious to overtake his "father," who was traveling just ahead of him.

Mr Olsen had, since embarking on the pursuit of Stensland, posing as the son of "Olsen," the name used by Stensland, declaring that he was anxious to overtake his "father" who was traveling just ahead of him.

As Stensland made no effort to conceal his trail, the following was not difficult.

Paul Stensland's confession, made to Assitant State's Attorney Olsen, clears up much of the mystery surrounding the events leading up to the crash which involved the ruin of the Milwaukee avenue bank. He took much of the blame upon himself, but declared Cashier Hering was the forger and that Hering got most of the money. He exonerated his son, Theodore, and the bank directors. He declared that he never spent more than $5,000 a year himself, and that all the money he stole he put into real estate with the hope of "making good."

Stensland also said that he had made up his mind to flee on the third preceding the Sunday on which he left Chicago. All Wednesday night he wrestled with the problem to blow out his brains or run. In the hours of darkness he decided to kill himself, but postponed the act until dawn, and with the sunlight came the primal instinct to hold on to life, and flight won over death. His preparations were hurried. He had surrendered his life insurance policy for $5,000 and had received $8,000 as commission on the sale of the property of the co-operative store to the Northwestern Life Insurance company, which had held a mortgage lien on the premises. He drew $1,500 as salary from the Mount Olive Cemetery association. This was all the money he had taken with him.

"Why, with a million dollars of bank in the bank, did you not take more?"

"I could have taken a quarter of a million dollars without trouble," said the "but I did not want to. I never took that much cash from the bank and put it in my own pocket. I never [illegible] dollar belonging to other [illegible]

"Not one. Hering, I think, did all."

WOULD HAVE LYNCHED HIM.

If Officers Had Not Hurried Amerson to Jail at Macon.

Macon, Ga., Sept. 5.—W. W. Amerson, a cotton mill operative, is in the Bibb jail as the result of an alleged assault upon the daughter of a man with whom he boarded, and cool-headed citizens are wondering how it was that he escaped lynching.

According to statements made by the arresting parties, Amerson was summoned from his room to supper, and it was the 13-year-old daughter who went for him at her mother's request. She charges that Amerson seized her, and a physician's examination has resulted in serious charges.

His room being some distance away from the girl's home, it was said that no one was near the two when the crime was committed. When she came back in a hysterical condition the mother called for assistance and citizens who went to Amerson's room took charge of him. The father, on hearing of the act, seized a gun and started for Amerson, but was brought to jail. The prisoners is now in jail awaiting an investigation.

Six Are Hurt in Accident.

New York, Sept. 5.—Six men were so badly hurt in an accident on the Thirty-ninth street ferry line of the Brooklyn Rapid Transit that they were taken to the Coney Island reception hospital. Several may die of internal injuries. A score of others, some of them women, were hurt by the flying splinters when a car crashed into a buggy van between Ulmer park and Coney Island. Motorman John Hanson did not see the hack, but many of those on the running board did. The car struck the van with terrific force, and men were swept from the running board.

Robbers Make a Big Haul.

Raainier, Ore., Sept. 5—While Cashier P. W. Vanancher lay bound hand and foot, gagged and tied to a table in a back room, two bandits leisurely looted the State Bank of Rainier in broad daylight. It was two hours before their unfortunate victim was able to free himself sufficiently to give the alarm and in the meantime the robbers had made good their escape, taking with them between $2,000 and $2,500 in gold coin. Silver and bank notes lying on the counter were untouched.

Films Became Exhausted.

Goldfield, Nevada, Sept. 5.—It was announced that the films of the moving pictures became exhausted after the thirty-eighth round of the Gans-Nelson fight. As a result the concluding rounds will not be shown in the pictures. President Rickards stated that the receipts for the fight amounted to approximately $78,000, and that the number of spectators at the ringside aggregated 7,000. This is the greatest amount of money taken in for a prize fight in the history of the ring.

Killed While Visiting Girl.

Montgomery, Ala., Sept. 5.—While seated beside his sweetheart on the gallery of her home at Steadman, Ala., Dockery Coleman was fired upon from the darkness and received wounds from which he died a few hours later. Coleman was about thirty years old and resided in Milview, Fla. He was to have been married to the young woman whom he was visiting. A coroner's jury returned a verdict that the gun which caused his death was fired by a person unknown.

Bryan in Chicago.

Chicago, Sept. 5—William J. Bryan and party arrived in Chicago at 8.15 Tuesday over the Grand Trunk railroad. The party disembarked at the Forty-seventh street station, 5 miles from the down-town district and then made the remainder of the journey to the auditorium hotel in automobiles.

GANS GETS DECISION OVER BATTLING NELSON

Battle Terminates in Forty-Second Round.

DANE WAS BADLY PUNISHED

Negro Sent to Floor on Low Blow Struck Deliberately—The Big Crowd Approves Decision—Nelson Got $22,000 of the $33,000 Purse.

Arena, Goldfield, Nev., Sept. 5.—Battling Nelson deliberately fouled Joe Gans in the forty-second round of the best and longest fight seen in Nevada or on the Pacific Slope in many years.

Both men were tired when the fight ended, but Gans was apparently the stronger. He was away ahead on points, and had mashed and cut Nelson all through the fight without being badly hurt himself. Shortly after the forty-second round began the

Battling Nelson.

men were in their usual clinch. Nelson had his head on Gans' shoulder and his arm down. Several times he hit Gans below the belt, apparently feeling for a vital spot. At last he drew back his right arm and hit Gans a vicious blow square in the groin. The negro sank to his knees and rolled over on his back.

Referee Siler, without hesitation, ordered Nelson to his corner and awarded the fight to Gans on a foul. Siler's decision received almost unanimous approval. The foul was so obvious that not even men who had bet on Nelson could say that it had not been committed. All through the long contest Nelson had employed rough tactics. He repeatedly butted Gans and had to have his head hauled away by the referee.

Referee Siler stated that while he would not say that the foul was intentional, there was no doubt but that it had been committed. Nelson, he said, had used his usual tactics all through the fight, and while he knew that Nelson was butting whenever he had an opportunity, he did not disqualify him for the reason that he saw that it was not hurting Gans, as no other referee had ever disqualified Nelson for doing the same thing, he did not feel like doing it.

Besides, the people were there to see the fight, and he did not want to disappoint them.

Siler was loudly cheered as he left the ring, as was Gans, who was carried to his dressing room.

Nelson and his seconds were hissed as they departed. Billy Nolan, Nelson's manager, made a disconnected statement in which he said that Gans had promised not to claim the decision go a foul, and yet he jumped at the very first opportunity to make such a claim. All Nelson could say was that Gans was tired and quit.

Nelson was given $22,[illegible] of the purse and Gans $11,000.

Trans-Mississippi Congress.

Kansas City, Sept. 5—Invitations to attend an address the annual gathering of the trans-Mississippi commercial congress, which is to begin here on November 21, have been sent to Elihu Root, by secretary of state; Speaker Cannon, William Ballinger, United states senator from Utah, and Harvey D. Goulder, president of the American Merchant Marine league, San Francisco. New York, New Orleans and Denver are already bidding for the congress in 1907.

CONVENTION MEETS IN MACON.

Will Nominate Governor and State House Officials.

Macon, Ga., Sept. 5.—Amid the fluttering of gaily bedecking flags and banners and the ringing cheers and wild applause of eleven hundred delegates and two thousand visitors that crowded Macon's handsome new auditrium to overflowing, the state convention was called to order promptly at noon Tuesday to nominate Hon. Hoke Smith as governor of Georgia and name the other statehouse officers.

Long before the fall of Chairman M. J. Yeoman's gavel called the vast concourse to order, the crowds began making their way toward the place of meeting. By 11:30 o'clock the various delegates had been seated and the busy hum of voices sounded like a mammoth beehive.

High above the artistically festooned flags which had been draped above the seats were Hoke Smith banners, and, although it had been known that as far as Mr. Smith's nomination was concerned there would be no contest, it did not deter the many hundreds from jamming the building.

As the clock on the walls pointed to the noon hour, Chairman Yeomans called the convention to order, and then his connection with the convention and the state executive committee ceased.

Congressman Thomas W. Hardwick, of the tenth district, was named as the temporary chairman of the convention and the day's work was begun.

Amos Ordered to Leave Town.

Columbia, S. C., Sept. 5.—Thomas H. Amos, negro, president of Harbison college, a co-educational institution for negroes at Abbeville, S. C., supported by the northern Presbyterian church, was waited upon recently by citizens of Abbeville and requested to leave the town on account of language used in his last commencement address. He said negro women had brought white women to the kitchens and hoped that they would soon bring them to the wash tub. Amos telegraphed from Baltimore that one of the directors would soon arrive at Abbeville to take charge of the institution. Ex-Speaker of the House Frank B. Gary, a resident of Abbeville, is authority for the above statement.

Situation Grows Serious.

St. Petersburg, Sept. 5.—The situation in the Shusha, Jevenshir and other districts of Southeastern Caucasia, where the Tartar-Armenian hostilities are in full sway, has grown so serious that the viceroy has superceded General Golochkapof, governor-general of Elizabethpol province, by General Bauer, whose name was coupled with that of General Allikhanoff, in connection with the strong methods by which order was restored in the Caucasus after the revolt of last winter. While parliament was in session attention was repeatedly called to General Bauer's harshness by the members from the Caucasus.

BOILERMAKER STABBED TO DEATH IN SALOON

Was Holding Union Card Which Belonged to Another Man.

SLAYER MADE GOOD HIS ESCAPE

E. G. Farrell, of Augusta, Ga., Was Playfully Holding Card of A. D. Lindbom When He Was Cut by Tom Lucas.

Atlanta, Sept. 5.—E. C. Ferrell, of Augusta, was stabbed to death Monday night, by Thomas Lucas, a boilermaker, in Cheatham's saloon at 45 Decatur street, Lucas ran from the saloon and boarded a Marietta car. At Marietta he boarded the train for Chattanooga.

Ferrell was taken to the Grady hospital, where he died 15 minutes after he was stabbed. The difficulty arose over a union card.

It was about 6:30 o'clock that Farrell entered the saloon on Decatur street. There he found W. C. Nury, G. W. Windham, A. D. Lundbom and Thomas Lucas, all boilermakers at the Atlanta Machine Works, and joined them. He was happy to see them, he said, as they were the first boilermakers he had seen that day.

Introductions followed, and a dispute arose as to whether Ferrell was really a boilermaker, and his card was demanded of him. Lundbom produced his own card and Ferrell took it. Lundbom demanded his card, but Ferrell, in a joking manner, refused it. Lucas cursed him and ordered him to surrender the card.

Without warning or apparent provocation, it is said, Lucas drew his knife and stabbed Ferrell in the left shoulder. The artery under the collarbone was severed. A physician was summoned, and later Ferrell bleeding to death, was taken to the Grady hospital in an ambulance. There it was found that the knife had pierced his left lung. He died in a few minutes.

Lucas was apparently in no great haste to get away. He stayed in a nearby alley until his friends joined him, and then, it is said, went to his home at 232 East Hunter street. Later he returned to Decatur street and met Lundbom, whom he told he was going to Marietta. There, he said, he would take the train for Chattanooga, his former home.

Policeman Hamilton and Roberts began an investigation of the affair, and from George Carr, of the Carr Printing company, found out who were with the men when the stabbing occurred. The officers watched the saloon until 10 o'clock, when Lundbom walked out. They followed him to an address near the jail, where he told what he knew. He declared that friendship for Lucas kept him from turning him over to the police.

Chief Jennings wired the Chattanooga authorities to look out foor Lucas.

No one here knows anything about Ferrell. Nothing was found on him except a railroad pass from Augusta that would identify him. He wore a light gray suit and a Panama hat.

He and Lucas were each about 30 years of age. Lucas had been in Atlanta about five months, and had come here from Chattanooga, Tenn.

TWO NEW ROUTES TO BE ESTABLISHED

Paradise and Rocky Point Sections to Have Daily Mail.

WILL BEGIN SEPTEMBER 17

Carriers Scarborough and Artson Will Be Duly Installed, and Will Begin Their Duties On That Date—Big Advantage to Farmers.

Gainesville is soon to be favored with two additional rural mail routes, the order having been issued by the postoffice department to establish same beginning Monday, September 17th.

A civil service examination for carriers for these routes was held in the city hall several weeks ago, being conducted by Clerk Benj. T. Arnow. There were a number of applicants, all of whom made a fair average, but the plum in the nature of appointments fell to L. M. Scarborough, white, and Louis Artson, colored. Scarborough made an average of 96, while Artson's report showed a general average of 94.25.

Carrier Scarborough's route will be known as No. 2, and will comprise the Paradise and LaCrosse sections, embracing a round-trip of twenty-eight miles. The position pays $720 a year.

Carrier Artson's route will cover about eighteen miles, round-trip. It will embrace Rocky Point, Arredondo and intermediate points, and will pay $612 per year.

The mail will leave Gainesville office at 8 a. m., and the carrier must return at 4 o'clock.

The establishment of these routes will give Gainesville three rural delivery routes, which will prove of great advantage to people residing in the country, as it will provide them with a daily mail.

C. W. Park Dramatic Company.

The people of our city will be glad to learn that the Park Dramatic Company will again present their high-class attractions here for a whole week beginning Monday, Sept. 10th.

This show is one of the best and cleanest of its kind that has ever been to Gainesville. Those who attended it before while here, one and all, will bear us out in this statement. Among the plays to be presented during the week are Tennessee's Pardner, Dora Thorne, Under Two Flags, Wedded and Parted, Northern Lights, Why Women Sin, The Ku Klux, and many others.

Prices, children 25c, adults 35c. Reserved seats 15c extra.

And Still They Come.

The latest addition to the citizenship of the city is the family of W. A. Collins of Jacksonville, who are now comfortably located in the Graham residence, North Pleasant street. Mr. Collins is connected with the firm of W. W. Gordon & Co., Savannah, Ga., in the capacity of a cotton buyer.

INSECT ANATOMY.

Wonderful Breathing Apparatus of Wasps and Hornets.

If we take any moderately large insect, say a wasp or a hornet, we can see, even with the naked eye, that a series of small spotlike marks runs along the side of the body. These apparent spots, which are eighteen or twenty in number, are, in fact, the apertures through which air is admitted into the system, and are generally formed in such a manner that no extraneous matter can by any possibility find entrance.

Sometimes they are furnished with a pair of horny lips, which can be opened and closed at the will of the insect; in other cases they are densely fringed with stiff, interlacing bristles, forming a filter which allows air and air alone to pass.

But the apparatus, of whatever character it may be, is always so wonderfully perfect in its action that it has been found impossible to injure the body of a dead insect with so subtle a medium as spirits of wine, although the subject was first immersed in the fluid and then placed beneath the receiver of an air pump.

The apertures in question communicate with two large breathing tubes, which extend through the entire length of the body. From these main tubes are given off innumerable branches, which run in all directions and continually divide and subdivide, until a wonderfully intricate network is formed pervading every part of the structure and penetrating even to the antennae.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

A Pleasant Surprise.

A number of friends of Miss Margaret Williams, North Gainesville, tendered that young lady a surprise in the nature of a party a night or two recently. There were a great many present, and the evening was passed in a manner appropriate to the occasion. Upon their departure Miss Williams assured the "intruders" that they had been welcome, and stated that she would not object to another visit of the same nature.

The Canadian government, to prevent the "dumping" of American trust products, especially those of the steel trust, has increased the tariff duty on any product sold cheaper there than in the country from which it is exported.

It is calculated that Mount Everest, the highest mountain in the world, weighs 4,878,781,255,881 pounds. If every man in the world were as strong as Thomas Topham, the strongest Englishman that ever lived, it would take 2,655,110,166,669 Thomas Tophams to lift the mountain.

Appreciating the fact that the coming State Fair, to be held at Tampa, November 14th to 29th, will surpass in every way even that of last year, officials of the Fair Association are determined to spare no expense in the matter of securing attractions which will be of a higher order than any ever before seen in the South. The Fair Association will spend alone $10,000 for the purpose of securing a magnificent hippodrome, similar to that which was seen by hundreds of thousands in New York. The engagement of the band secured for the two weeks of the Fair will cost the Association $7,000, and $10,000 flat will be given as purses for horse races. Officials of the Southern Fair Circuit, composed of seven Southern States, are now in New York and Chicago securing additional attractions, upon which thousands of dollars will be spent.

Of the millions of long-horned cattle which roamed the vast prairies of Texas thirty years ago but one survives. He is a spotted steer long since past the span of life supposed to be allotted to his kind, and his home is in the choicest pasture land on a ranch in Cameron county, in southwestern Texas. In his early days old Longhorn and his kindred wandered at will over the thousands of acres, often suffering the pangs of thirst, for rains were rare and streams were rarer in that section of the State; now when he desires a cooling drink he goes to one of the many artesian wells of which there are more than one hundred on the well-kept farm of four thousand acres.

The "big head" is a popular way of expressing a common and very frequent ailment. It arises from various sources, but the real foundation is a lack of sense. A little money develops it in some people; a few good clothes give it to others; a little office, where a chance is given to exercise a little authority, is often the cause of it, while others get it from having a little better job than associates. The truth is no sensible person gets the "big head." The one who becomes stuck up and stiff-necked from sources of every kind is weak in the intellectual caliber.

An aggressive business policy on the part of our business men, reaching out for everything within reach, encouraging all would-be comers, expending money when a two-fold return is reasonably certain, it would seem is one of the ways to best build up a city. A town is what its people make it. It may slowly grow by the little secretions that accidentally fall within its influence, or it can be pushed into vigorous and rapid growth by the aggressive activity of its business element.

The Republican Congressional Campaign Committee has been calling upon the masses, whom it is robbing by a robber tariff in the interest of a few, to contribute a dollar apiece toward the campaign expenses. So far they have not received as much as $1 for each Republican candidate. Evidently the people do not consider that a Republican Congressman is worth a dollar.

If rain had fallen during every battle of the recent war between Russia and Japan, the saving of life through the weight of the air alone would have been 4,371 Russians and 2,988 Japs. This is due to the fact that a Russian bullet travels 1,702 1-3 feet per second in dry weather and 1,311 feet in damp weather, while the barometric pressure affects the Japanese bullets less, they being waterproofed.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SERMONETTES

Our national sin is the act of recklessly handing out our boasted freedom to hordes of foreigners before they get the filth of the old world washed from their faces.

Many a man with brain, imagination and heart, capable of high flight, has been brought within range of the enemy by some secret passion that held him from his place among the stars.

One's influence lives on and on when he is dead, like the after-glow of a sun long since gone down. It may have passed from view behind clouds dark and gloomy; or, it may be the sun-set filled with inexpressible beauty and glory.

The great painting, "The March of the Conquerors," is wonderfully true to nature. As far as the eye can reach here come Caesar, Alexander, the Great, Hannibal, Napoleon, Grant, Lee, and all the mighty. But they ride on a highway built of dead men's bones.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE S. S. S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

STEEL BRIDGE FEVER STRUCK COUNTY

Order for Steel Bridge Was Made Over River Styx.

MR. WILLIAMS WAS PRESENT

At the Meeting on Tuesday, and Without Difficulty Convinced the Board that the Steel Bridge Was the Proper Investment for the County.

Among the visitors to this city for the past two or three days was R. P. Williams of Atlanta, Ga., a contracting engineer in the employ of the Roanoke Bridge Company, Roanoke, Va., and Burlington, N. C. This is one of the largest bridge constructing firms in the United States, employing a thousand hands or more. Mr. Williams came here to consult with the Board of County Commissioners in the matter of constructing a steel bridge over River Styx, and succeeded in making the contract. He is a young man of affability, of a fine disposition and honest countenance, and experienced no trouble in convincing the board that he had the best proposition in bridge building in this country to offer them.

The construction of steel bridges, as matter of economy, has become as important as the construction of good roads. In fact, the two go together, for they are both everlasting, and save the county a great deal of trouble and continual repair at considerable expense and annoyance.

The Commissioners of Alachua county are to be congratulated upon their progress in the direction of good roads and steel bridges, which are the greatest blessings, to say nothin of the most economical investments, a county can make.

We have a fine Board of County Commissioners, and with the proper encouragement, which is due them, we will soon have one of the leading counties in the State in roads and bridges.

Both Fell Dead on the Frist Fire.

Tampa, Fla., Sept. 5.—A vendetta transported from Italy to Tampa resulted in a street duel and instant death of both duelists. Salvatore Cosencia, a resident of Tampa for several years, and an unknown Italian just arrived, met on Ninth avenue and Seventeenth street and exchanged shots which resulted in both men falling dead in their tracks within 5 feet of each other. The unknown man had just arrived here from Italy and no one knew him. Nothing is known of the trouble beyond the belief that the tragedy was the result of trouble between the two men before they left Italy.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

A CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chestertown, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:—

"I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always helpful to ailing women.

Postoffice Clerks Meet.

Savannah, Ga., Sept. 5.—The first session of the United National association of postoffice clerks in seventh annual convention, was held here Monday. About three hundred delegates and visitors are present. Hardly had the opening exercises been concluded when Edmund G. Cook, delegate from Cincinnati, attacked the methods used in electing the officers at the last convention. He accused a ring of governing the association to its detriment and claimed that the election at the last convention was illegal. He had the entire proceedings typewritten, and compared them with the constitution to show that the election was illegal. This was the first wedge to put the present incumbents out of office and prevent Chicago, Philadelphia and New York from dominating the association. The fight will be waged until after the election of officers, which is scheduled to take place Thursday.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy, we brought him out all right," says Maggie Hickox of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

Two Killed in Riot.

Punxsutawney, Pa., Sept. 5.—Two members of the state constabulary dead, one dying and two others wounded, is the result of a riot with Italians at Florence, 7 miles from here. One of the Italians is dead, another is slightly wounded and two are under arrest, while the house in which the rioters barricaded themselves is a wreck from dynamite used by the troopers to dislodge the rioters.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

PEOPLE ASK COMPROMISE.

The Public Is Opposed to the Stand Taken by Palma.

Havana, Sept. 5.—Peace through political compromises is the sole topic of conversation in the best informed circles, where it is recognized that this is the best way of bringing about a settlement of Cuba's internal troubles. Therefore there is a disposition not to agree with the stand taken by President Palma that the government should not treat with the insurgents upon the basis of arranging a compromise, and the president is understood to have modified his attitude to the extent that he has no objections to private negotiations on the subject.

The leading newspapers representing all parties will press the idea of a political settlement, and it is believed that public opinion will soon set in that direction. A common expression headly is "The war began through differences between the political parties, and therefore they are the ones who ought to settle it in the most prompt and effective manner possible, save the dignity and sovereignty of the republic and avert further bloodshed."

It is believed beyond further doubt that an attempt to reach peace through some compromise will now be made.

General Rodriguez, commander of the rural guards, denies that Colonel Avalos, in command of the government forces in the province of Pinar del Rio, returned to San Juan de Martinez because he had not receivey any orders and was without commissary stores, etc. Rodriguez says Avalos returned to San Juan de Martinez in pursuance of orders which are telegraphed to him daily.

News Fakirs To Be Jailed.

Havana, Sept. 5.—The governor of Santiago province has ordered the arrest of any person publisihng false or exaggerated news. Large and small bodies of insurgents have been seen with increasing frequency between Pinar del Rio and Consolation del Sur, the second city commercially in the pronvince of Pinar del Rio, situated 13 miles from the provincial capital.

Troops Battle With Miners.

Petronseney, Sept. 5.—As the result of the collision between troops and striking miners here, 150 coal miners were injured.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. DRAKE-BAUKNIGHT NUPTIALS.

Popular Young Lady Wedded to Brooksville Gentleman.

Archer, Sept. 5.—The wedding of Miss Alda Bauknight of this place and Mr. Edward Drake of Brooksville was solemnized on last Thursday evening at the Methodist church.

The church was beautifully decorated in green and white, a lovely arch of asparagus ferns and moon flowers adding much beauty to the scene. A grand collection of pot plants were banked around the altar, and altogether it was a beautiful sight. Promptly at 8 o'clock the wedding march was begun by Miss Annie McLean, and the bridal party came in; first, Miss Elsie Smith with Mr. Frank Bauknight, brother of the bride; Miss Leila Bauknight with Mr. Troy Herring, then the maid of honor, Miss Ruby Bauknight, only sister of the bride. The bride then entered with her father, Mr. Frank G. Bauknight. They were met at the altar by the groom and his best man, Mr. Frank Drake of Ocala. The impressive ceremony of the Episcopal church was performed by by Rev. Craighill of Gainesville. The ushers were John Chamblin and Guy Fleming of this place.

The bride never looked more lovely than she did that night. She was dressed in a white Eolian gown of taffeta, made Princess, with yoke of real lace. Her veil was gracefully caught back with orange blossoms, and she carried a shower bouquet of Bride's roses and ferns. The bridesmaids looked lovely in pink crepe de chine dresses and carried bouquets of roses.

After the ceremony the couple were driven to the bride's home, and thence to Gainesville to take the first train for their future home in Brooksville.

Miss Alda is the oldest daughter of Mr. and Mrs. F. G. Bauknight of this place, and one of our most popular girls. Her many friends regret very much to have her make her home in a distant city, but we wish her much happiness and feel sure that Archer's loss will be Brooksville's gain.

Mr. Drake is a member of the firm of Drake & Ball, architects of Brooksville.

On Wednesday evening, before the wedding, Miss Alda entertained the wedding party and a few friends at an informal reception, which was very much enjoyed. Delightful refreshments were served and the party enjoyed looking over the many handsome presents received by the couple.

The out-of-town guests were Mr. and Mrs. Frank Drake and daughter, Gladys, of Ocala; Mrs. Frank Taylor of Jacksonville, Mr. Troy Herring of Brooksville, Frank Bauknight of Jacksonville, Albert Hancock of Morriston, and Mrs. Edward O'Donald of Jacksonville.

The public school opened Monday with Prof Main as principal and Miss Berkstresser as assistant.

Mr and Mrs. T. B. Pearson, who have been spending sometime in North Carolina, have returned home.

Fred Frei, who has been attending school at Guilford, N. C., has returned home.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, *with alcohol*.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

Lone Bandit Robs Stage.

Wawona, Cals., Sept. 5.—The Yosemite stage was held up by a lone bandit near Ahwahnee. The passengers were lined up and compelled to give up their cash. Werner Bishop, of New York, lost $750. The passengers secured snapshots of the robber, who wore a black mask. The stage was driven by Bright Gillespie, who took president Roosevelt through the park three years ago.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

TRAGEDY AT A NEGRO FROLIC.

James Simmons Is Killed by Elijah Neal in Baker County.

Albany, Ga., Sept. 5.—With two loads of buckshot in his body, and two big holes six as large as a man's fist, in his back, James Simmons, a negro living on Bartow F. Powell's plantation, in Baker county, 15 miles south of Albany, lived for several hours after receiving his wounds.

Simmons was shot by Elijah Neal, who, at last reports, was still at large. He fled immediately after the shooting, and is believed to have come to Albany. Every effort to bring about his apprehension is being made by the officers.

It was at a plantation frolic that the killing occurred. Neal and Simmons were members of a large party of country darkies who gathered at the home of one of the tenants on the place for a dance and supper. After the two had been quarreling for some time, it is stated that Simmons turned his back, as if to walk away. Immediately Neal picked up a double-barrel shotgun that was leaning up against the wall in a corner of the room and fired, the contents of both barrels into the negro's back.

James Chesnut of Jacksonville is in the city on a visit to his mother, Mrs. Helen T. Chesnut. He formerly resided here and his many friends are glad to greet him again. Mr. Chesnut has been for sometime connected with the National Bank of Jacksonville in the capacity of bookkeeper.

T. H. Dubose, who formerly resided in the western part of Alachua county, is now at Knight's Key, about forty-five miles from Key West, where he is employed by the East Coast Railway Company. He requests that The Sun be forwarded to his Miami address, stating that it is lonesome in that section without the news from dear old Alachua.

STENSLAND CAUGHT; BETRAYED BY WOMAN

Sultan Will Surrender Fugitive to Authorities.

ATTORNEY OLSEN MADE ARREST

Chicago Bank Wrecker Pursued to Other End of the World, Is Captured in Tangiers—Confessed Guilt.

Chicago, Sept. 5.—A cablegram to the Chicago Tribune from Tangiers, Morocco, announces the capture in that city of Paul O. Stensland, the president of the Milwaukee avenue State bank, which closed its doors on Aug. 6.

The arrest was made by a representative of The Tribune and Assistant State's Attorney Olsen of this city, who have been on the trail of Stensland since Aug. 13.

At the office of the state's attorney all information regarding the woman who had indirectly caused the arrest was refused. It was announced that Assistant State's Attorney Olsen had, since embarking on the pursuit of Stensland, posing as the son of "Olsen," the named used by Stensland, declaring that he was anxious to overtake his "father," who was traveling just ahead of him.

Mr. Olsen had, since embarking on the pursuit of Stensland, posing as the son of "Olsen," the name used by Stensland, declaring that he was anxious to overtake his "father" who was traveling just ahead of him.

As Stensland made no effort to conceal his trail, the following was not difficult.

Paul Stensland's confession, made to Assistant State's Attorney Olsen, clears up much of the mystery surrounding the events leading up to the crash which involved the ruin of the Milwaukee avenue bank. He took much of the blame upon himself, but declared Cashier Hering was the forger and that Hering got most of the money. He exonerated his son, Theodore, and the bank directors. He declared that he never spent more than $5,000 a year himself, and that all the money he stole he put into real estate with the hope of "making good."

Stensland also said that he had made up his mind to flee on the third preceding the Sunday on which he left Chicago. All Wednesday night he wrestled with the problem to blow out his brains or run. In the hours of darkness he decided to kill himself, but postponed the act until dawn, and with the sunlight came the primal instinct to hold on to life, and flight won over death. His preparations were hurried. He had surrendered his life insurance policy for $5,000 and had received $8,000 as commission on the sale of the property of the co-operative store to the Northwestern Life Insurance company, which had held a mortgage lien on the premises. He drew $1,500 as salary from the Mount Olive Cemetery association. This was all the money he had taken with him.

"Why, with a million dollars of cash in the bank, did you not take more?"

"I could have taken a quarter of a million dollars without trouble," said he, "but I did not want to. I never took one cent of cash from the bank and put it in my own pocket. I never took a dollar belonging to other people."

Stensland made no attempt to deny his guilt, and only tried to minimize it. His confession began with a statement that he was surprised to learn that the total loss involved in the bank's failure would reach $2,000,000. He said:

"I cannot understand how the shortage can be $2,000,000. To my certain knowledge, my liability to the bank does not exceed $500,000.

"My indebtedness began a long time ago, in 1896. It was a small amount at first and God knows I never intended to steal. I was in a tight hole and needed money. I put my own paper, genuine, not a forgery, in the bank. Then it was suggested to me that the bank examiner would stand for it and he did."

[illegible] suggested it?

"He did. It was the beginning. He [illegible] in a roundabout way at first that it was easy to obtain money that way. Then when my notes became too numerous, he suggested the forgeries."

"How many of the forgeries did you do yourself?"

"Not one. Hering, I think, did all."

WOULD HAVE LYNCHED HIM.

If Officers Had Not Hurried Amerson to Jail at Macon.

Macon, Ga., Sept. 5.—W. W. Amerson, a cotton mill operative, is in the Bibb jail as the result of an alleged assault upon the daughter of a man with whom he boarded, and cool-headed citizens are wondering how it was that he escaped lynching.

According to statements made by the arresting parties, Amerson was summoned from his room to supper, and it was the 13-year-old daughter who went for him at her mother's request. She charges that Amerson seized her, and a physician's examination has resulted in serious charges.

His room being some distance away from the girl's home, it was said that no one was near the two when the crime was committed. When she came back in a hysterical condition the mother called for assistance and citizens who went to Amerson's room took charge of him. The father, on hearing of the act, seized a gun and started for Amerson, but was brought to jail. The prisoners is now in jail awaiting an investigation.

Six Are Hurt In Accident.

New York, Sept. 5.—Six men were so badly hurt in an accident on the Thirty-ninth street ferry line of the Brooklyn Rapid Transit that they were taken to the Coney Island reception hospital. Several may die of internal injuries. A score of others, some of them women, were hurt by the flying splinters when a car crashed into a buggy van between Ulmer park and Coney Island. Motorman John Hanson did not see the hack, but many of those on the running board did. The car struck the van with terrific force, and men were swept from the running board.

Robbers Make a Big Haul.

Raainier, Ore., Sept. 5—While Cashier P. W. Vanancher lay bound hand and foot, gagged and tied to a table in a back room, two bandits leisurely looted the State Bank of Rainier in broad daylight. It was two hours before their unfortunate victim was able to free himself sufficiently to give the alarm and in the meantime the robbers had made good their escape, taking with them between $2,000 and $2,500 in gold coin. Silver and bank notes lying on the counter were untouched.

Films Became Exhausted.

Goldfield, Nevada, Sept. 5.—It was announced that the films of the moving pictures became exhausted after the thirty-eighth round of the Gans-Nelson fight. As a result the concluding rounds will not be shown in the pictures. President Rickards stated that the receipts for the fight amounted to approximately $78,000, and that the number of spectatfors at the ringside aggregated 7,000. This is the greatest amount of money ever taken in for a prize fight in the history of the ring.

Killed While Visiting Girl.

Montgomery, Ala., Sept. 5.—While seated beside his sweetheart on the gallery of her home at Steadman, Ala., Dockery Coleman was fired upon from the darkness and received wounds from which he died a few hours later. Coleman was about thirty years old and resided in Milview, Fla. He was to have been married to the young woman whom he was visiting. A coroner's jury returned a verdict that the gun which caused his death was fired by a person unknown.

Bryan in Chicago.

Chicago, Sept. 5.—William J. Bryan and party arrived in Chicago at 9:15 Tuesday over the Grand Trunk railroad. The party disembarked at the Forty-seventh street station, 5 miles from the downtown district and then made the remainder of the journey to the auditorium hotel in automobiles.

GANS GETS DECISION OVER BATTLING NELSON

Battle Terminates in Forty-Second Round.

GANE WAS BADLY PUNISHED

Negro Sent to Floor on Low Blow Struck Deliberately—The Big Crowd Approves Decision—Nelson Got $22,000 of the $33,000 Purse.

Arena, Goldfield, Nev., Sept. 5.—Battling Nelson deliberately fouled Joe Gans in the forty-second round of the best and longest fight seen in Nevada or on the Pacific Slope in many years.

Both men were tired when the fight ended, but Gans was apparently the stronger. He was away ahead on points, and had mashed and cut Nelson all through the fight without being badly hurt himself. Shortly after the forty-second round began the

Battling Nelson.

men were in their usual clinch. Nelson had his head on Gans' shoulder and his arm down. Several times he hit Gans below the belt, apparently feeling for a vital spot. At last he drew back his right arm and hit Gans a vicious blow square in the groin. The negro sank to his knees and rolled over on his back.

Referee Siler, without hesitation, ordered Nelson to his corner and awarded the fight to Gans on a foul. Siler's decision received almost unanimous approval. The foul was so obvious that not even men who had bet on Nelson could say that it had not been committed. All through the long contest Nelson had employed rough tactics. He repeatedly butted Gans and had to have his head hauled away by the referee.

Referee Siler stated that while he would not say that the foul was intentional, there was no doubt but that it had been committed. Nelson, he said, had used his usual tactics all through the fight, and while he knew that Nelson was butting whenever he had an opportunity, he did not disqualify him for the reason that he saw that it was not hurting Gans, as no other referee had ever disqualified Nelson for doing the same thing, he did not feel like doing it.

Besides, the people were there to see the fight, and he did not want to disappoint them.

Siler was loudly cheered as he left the ring, as was Gans, who was carried to his dressing room.

Nelson and his seconds were hissed as they departed. Billy Nolan, Nelson's manager, made a disconnected statement in which he said that Gans had promised not to claim the decision as a foul, and yet he jumped at the very first opportunity to make such a claim. All Nelson could say was that Gans was tired and quit.

Nelson was given $22,150 of the purse, and Gans $11,000.

Trans-Mississippi Congress.

Kansas City, Sept. 5.—Invitations to attend an address the annual gathering of the trans-Mississippi commercial congress, which is to begin here on November 21, have been sent to Elihu Root, by secretary of state; Speaker Cannon, William Gallinger, United states senator from Utah, and Harvey D. Goulder, president of the American Merchant Marine league. San Francisco, New York, New Orleans and Denver are already vying for the congress in 1907.

COMMENDABLE WORK

Ordered Steel Bridge Over The River Sticks.

Among the visitors to this city for the past two or three days was R. P. Williams of Atlanta, Ga., a contracting engineer in the employ of the Roanoke Bridge Company, Roanoke, Va., and Burlington, N. C. This is one of the largest bridge constructing firms in the United States, employing a thousand hands or more. Mr. Williams came here to consult with the Board of County Commissioners in the matter of constructing a steel bridge over River Styx, and succeeded in making the contract. He is a young man of affability, of a fine disposition and honest countenance, and experienced no trouble in convincing the board that he had the best proposition in bridge building in this country to offer them.

The construction of steel bridges, as matter of economy, has become as important as the construction of good roads. In fact, the two go together, for they are both everlasting, and save the county a great deal of trouble and continual repair at considerable expense and annoyance.

The Commissioners of Alachua county are to be congratulated upon their progress in the direction of good roads and steel bridges, which are the greatest blessings, to say nothin of the most economical investments, a county can make.

We have a fine Board of County Commissioners, and with the proper encouragement, which is due them, we will soon have one of the leading counties in the State in roads and bridges.

PEOPLE ASK COMPROMISE.

The Public is Opposed to the Stand Taken by Palma.

Havana, Sept. 5.—Peace through political compromises is the sole topic of conversation in the best informed circles, where it is recognized that this is the best way of bringing about a settlement of Cuba's internal troubles. Therefore there is a disposition not to agree with the stand taken by President Palma that the government should not treat with the insurgents upon the basis of arranging a compromise, and the president is understood to have modified his attitude to the extent that he has no objections to private negotiations on the subject.

The leading newspapers representing all parties will press the idea of a political settlement, and it is believed that public opinion will soon set in that direction. A common expression headly is "The war began through differences between the political parties, and therefore they are the ones who ought to settle it in the most prompt and effective manner possible, save the dignity and sovereignty of the republic and avert further bloodshed."

It is believed beyond further doubt that an attempt to reach peace through some compromise will now be made.

General Rodriguez, commander of the rural guards, denies that Colonel Avalos, in command of the government forces in the province of Pinar del Rio, returned to San Juan de Martinez because he had not receivey any orders and was without commissary stores, etc. Rodriguez says Avalos returned to San Juan de Martinez in pursuance of orders which are telegraphed to him daily.

News Fakirs To Be Jailed.

Havana, Sept. 5.—The governor of Santiago province has ordered the arrest of any person publishing false or exaggerated news. Large and small bodies of insurgents have been seen with increasing frequency between Pinar del Rio and Consolation del Sur, the second city commercially in the province of Pinar del Rio, situated 13 miles from the provincial capital.

New Record Made.

Montreal, Sept. 5.—A new Canadian record for the 5-mile run was made Monday by J. McCuaig, of the Montreal Athletic club, who covered the distance in 24:52. The former record was held by Grant, of the New York Athletic club, at 27:17 2-5. McCuaig is entered in the national meet, which occurs [illegible] to be held at Travers Island, N. Y.

COMMISSIONERS TO MEET FAIR ASS'N

Joint Meeting Called for Tuesday Morning, September 11.

BIG CROWDS ARE EXPECTED

Many of the Leading and Most Progressive Citizens of the County and City Are Interested, and a General Discussion Will be Indulged In.

As was stated in The Sun of Wednesday morning, the Board of County Commissioners, at their regular meeting Tuesday, passed a resolution to the effect that Alachua county would participate in the coming State Fair, and that a sufficient sum would be appropriated to defray the exrenses of an exhibit, etc. This Fair will be held in Tampa, and as the great show is from November 14 to 20, it will be readily seen that no time should be wasted in beginning the collection of exhibits and getting down to work proper.

With a desire to more systematically perform the necessary work to make the Alachua county exhibit a success, the Board has called a joint meeting of the Commissioners and the Alachua County Fair Association, under direction and auspices of which body the exhibit will be made, on Tuesday, September 11, at 11 o'clock a. m. This meeting will be called for the purpose of participating in a general discussion of the matter, with a view of exchanging ideas and methods of the manner in which the work is to be done.

The public generally is invited to this meeting, and members of the County Fair Association are especially urged to be present, as a good meeting is desired. The presence of citizens throughout the county is also desired, and as a number of country people are included in the membership of the fair association, a good crowd will no doubt be in attendance.

The meeting will be held in the court house at 11 a. m., Tuesday, September 11. Let everybody come and encourage the great work of representation at the State Fair, with the determination to capture the first prize.

Bill Pemble in Town.

W. W. Pemble of New York, representing the DeVoe paints, of which the S. J. Thomas Company are agents, is in the city. Mr. Pemble is one of the most popular traveling men in Florida. He has been coming to Gainesville for several years, and no man in this territory is better known. He is a man of most original character, and is known throughout the entire country as the organizer of the "Ancient Order of O-Reng-O-Tangs." He is now honored as the "Supreme Guyrascotus of the World" of that order. He only carries a paint line as a side issue, "because he loves to work," as is does not conflict with his position as the leading official of the world in the great order with which he is connected.

Postoffice Clerks Meet.

Savannah, Ga., Sept. 5.—The first session of the United National association of postoffice clerks in seventh annual convention, was held here Monday. About three hundred delegates and visitors are present. Hardly had the opening exercises been concluded when Edmund G. Cook, delegate from Cincinnati, attacked the methods used in electing the officers at the last convention. He accused a ring of governing the association to its detriment and claimed that the election at the last convention was illegal. He had the entire proceedings typewritten, and compared them with the constitution to show that the election was illegal. This was the first wedge to put the present incumbents out of office and prevent Chicago, Philadelphia and New York from dominating the association. The fight will be waged until after the election of officers, which is scheduled to take place Thursday.

ALACHUA WILL GO TO STATE FAIR

County Commissioners Will Make Effort to Capture First Prize

PASSED LIBERAL RESOLUTION

Board Will Appropriate Sufficient Sum to Defray Expenses of Fine Exhibit Impressive Talk of Hon. Thos. J. Laud Brown.

"Resolved, That Alachua county participate in the Florida State Fair, to be held in Tampa in November, 1906, and that the Board of County Commissioners appropriate a sufficient sum to defray the expense of making an exhibit."

The above in substance is the resolution passed by the Board of County Commissioners in regular monthly session Tuesday, the vote upon same being unanimous.

In the morning session of the Board Hon. Thos. J. Laud Brown, president of the Florida State Fair Association, appeared before that body and made a short but impressive talk on the advantages of an exhibit at a State Fair. He told of the advantages possessed by Alachua county in agriculture, horticulture, live stock and minerals, to say nothing of minor things, and all that was necessary to demonstrate the superiority of this county to the world was to make a proper display where the world could see and appreciate these advantages.

There were a number of prominent citizens present who were interested in the State Fair and the securing of an exhibit, among whom were N. A. Callison, manager of Spring Park Farm, who generously assured the board that he would not only use his influence personally towards the success of the exhibit, but would permit his fine registered cattle to be listed with the county display.

At the afternoon session the resolution as above was passed. It is the intention of the county commissioners to have a fine display at the coming State Fair, but they need the assistance and co-operation of the citizens. If this is secured, there is little doubt but that Alachua county will capture the first prize.

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

Mrs. Fannie D. Fox

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—

"I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. CAPTAIN TOLBERT DEAD.

Succumbed Sunday to Paralysis, After Illness of Few Days.

Captain A. W. G. Tolbert, one of Alachua county's pioneer citizens, died at his home in this city at 1 o'clock Sunday afternoon of Paralysis, aged seventy-six years.

Deceased was born in Alabama in 1830. After the Civil War, in which he served with courage and distinction, he came to Florida, settling at Arredondo, and up to a couple of years ago, when he came to Gainesville, resided there.

Captain Tolbert's death removes from this section another old landmark, one of many who have noted the steady progress of the city and county.

Deceased is survived by his wife, two daughters and one son. One of his daughters is married and resides in Georgia, while the other, Miss Kate, was at the bedside when the end came. The son has been in Cuba for several years.

The funeral was held from the residence at 10 o'clock Monday morning, Rev. E. W. Way of Dalton, Ga., officiating. The interment was in Evergreen cemetery, and many friends accompanied the remains to their last resting-place. There were many handsome floral decorations.

The sympathy of friends is extended to the family of the deceased.

Blood Drawn at Holy Meet.

Lexington, Ky., Sept. 4—Telephone messages from Wilmer say that in a fight at a holiness camp meeting, Mr. Richard Spalding insulted Miss Clara Cornman and was fatally stabbed by the girl's brother, Newton Cornman. Frank Coyle attempted to separate the combatants and was also fatally stabbed by Cornman. The clothing of Mr. Thom. Martin, who attempted to separate the men, was slashed by Cornman. Newton and Sherman Cornman were arrested.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." SERMONETTES

Referring to that person who was the subject of your idle gossip—are you exactly sure he is your inferior? If not, keep still.

That's a strange but frequent piece of surgery that puts a man's wish-bone right where his back-bone ought to be.

Live on less then you earn and save the difference. That's the easiest thing said in the world, and the hardest thing to do.

The world owes everybody a living, but everybody must be their own collector.

The messenger of opportunity calls for early rises. That's the reason so many late sitters fail to get there.

There never was a fellow in the world that did not make mistakes, but he never made the big mistake of doing nothing.

The person who deliberately aids in the circulation of a scandal is no better than he or she whose character they besmirch.

Why should mistakes discourage? Why should mistakes embarass? History is made up of such things. Try it again.

The man who is so everlastingly particular about his aim gives the game plenty of time to get beyond the range of his gun.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." School Board Will Meet on 11th Inst.

Hon. R. B. Weeks of Hawthorn, chairman to the School Board, was in the city yesterday. Owing to the examination of applicants for county certificates, which beings today, it was ordered that the board hold its regular monthly session on Monday instead of Thuesday, but owing to the illness of Hon. T. A. Doke, the member of the board from Santa Fe, who was detained, it was impossible to get a quorum. The regular meeting will be held on Tuesday, the 11th inst.

Letter to Sheriff Fennell, Gainesville, Fla.

Dear Sir: Our agent ought to sell nine-tenths of the paint of his town and region; no use to try for the other tenth. The proportion of men, who won't take good advice, and use the least-gallons paint, is about one in ten among even owners of houses and stores and shops and barns and fences.

One man in ten will buy a gold brick or green goods, if he has the money and gets a good chance.

Devoe at $1.75 a gallon is better than gold; adulterated and short-measure paints are green goods and gold bricks.

Devoe saves half, more or less, of the labor and wages of painting; it is all paint; full strength and full measure. There is no other such paint within ten per cent. Ten per cent of labor and paint is worth saving; and ten is the least. There are scores of paints that throw-away half of both gallons and labor on whiting, china-clay, ground stone, barytes, benzine, water—all they are good for is to make gallons of nothing and look like paint in the can; more gallons to buy and more gallons to pay for putting-on—gold bricks and green goods. Here's how they work:

Judge I. D. Fairchild owns two houses exactly alike in Lufkin, Texas. J. H. Torrence painted both houses; one Devoe, 15½ gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 per cent whiting; that's why it took 9½ gallons more.

Yours truly,
F. W. Devoe & Co.,
New York.

LABOR DAY QUIET IN GAINESVILLE

No Demonstration Other Than Parade of Two Unions.

ABOUT FIFTY IN THE LINE

The Painters' and Carpenters' and Joiners' Unio Paraded the Principal Thoroughfares—Shops and Factories Closed For the Day.

Labor Day, which has become in recent years more enthusiastically observed in the South, passed quietly here, there being very little demonstration. The only happening of note was the parade in the afternoon, which was participated in by the painters' and carpenters' and joiners' unions, about fifty workmen being in line. No other branch of labor was represented in this parade.

The banks and postoffice and a few stores were closed. A number of factories also shut down in commemoration of the day, as a compliment to their employes.

JUSTICE COLMAN'S COURT.

Henry Green Had Concealed Two Pistols, and Was Sent to Prison.

Not content with carrying one concealed weapon, which is bad enough, Henry Green, a negro, was arrested by Special Constble J. H. Granger Supday, and two pistols were found upon his person.

Green was arraigned begore Justice Colman Monday morning, pleaded guilty, which became a necessity from the fact that the weapons were actually upon his person, and was sentenced to pay a fine $100 and costs, or spend three months on the "gang." Not having the wherewith to pay his fine, the man was taken to Holder by Sheriff Fennell on the noon train, where he will serve his time out in Buttenmbach phosphate mines.

It is safe to say that Green will be pretty well up in the art of digging phosphate before he will have finished his sentence.

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." A SUCCESSFUL PLANTER.

Chas. M. McKinney of Louise Raises Potatoes With a Big Profit.

Chas. M. McKinney of Louise, one of the most extensive and successful farmers in Alachua county, was in the city Monday.

Mr. McKinney is a champion sweet potato grower. Last year he raised 2,200 bushels of a choice variety, which sold readily in the Atlanta markets at fabulous prices. He has this year planted a tract of twenty-six acres, from which he expects to harvest 5,200 bushels, or 200 bushels to the acre. He states that he has already contracted for the delivery of this crop, which will pay him handsomely f. o. b. in Louise.

Florida needs more such farmers as Mr. McKinney, who has one of the most up-to-date plantations in the county.

Rev. Mr. Way Returns to Dalton.

Rev. E. W. Way, formerly pastor of the First Presbyterian Church in this city but now of Dalton, Ga., after a visit of two or three days here, left for his home yesterday. His numerous friends here were glad to welcome him again, but regretted very much that he was summoned here on a sad mission, that of officiating at the funeral of Mrs. Harry Lee Jarvis, who died Friday. He also officiated at the funeral of Captain A. W. G. Tolbert Monday morning. Mr Way delivered an interesting sermon at the Presbyterian Church Sunday morning and visited the Sunday school in the afternoon, greatly to the delight of his many Gainesville Sunday school friends. He is an especial favorite of the children.

HALL LOST AN EYE.

Painful accident in Palatka, Which Caused a Great Deal of Trouble.

Through an accident which occurred while employed at a sawmill in Palatka, Ben Hall, a well known and industrious colored man who calls Gainesville his home, has lost an eye. Hall, it appears, was working about a saw in operation, when a sharp splinter struck him in the eye. Failing to find relief in Palatka he was brought to this city, when Dr. Hodges performed an operrtion, finding it necessary to remove the eye to preserve the sight of the other.

Hall was out for the first time Sunday since the operation. With the exception of the loss of the eye, his condition is all that could be desired.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Cones in New York.

A card from T. J. Cone, under date of August 30, written from New York City, requests that The Sun be forwarded to Mrs. Cone at Pine Bush, N. Y., for the next month. "Please attend to this promptly," continued Mr. Cone, "for my folks can't stay up here without The Sun." This compliment is indeed appreciated, and we trust that Mrs Cone will experience no trouble in receiving the paper promptly.

Mr. Cone wrote that he expected to sail on Friday morning for home via Clyde Line. He states that he has had a most enjoyable trip, but was glad the time had arrived for his return home. He met several of his Florida friends in New York, among whom was E. C. Cobb.

'An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Removed to Lady Lake.

Mrs. George Beck and children left yesterday for Center Hill, which place they will make their future home. Mr. Beck, who is one of the most successful truckers in the country, has been operating a farm at Rocky Point for several years, but decided recently to go further south. He has assumed the management of a nice farm near Center Hill, and will cultivate the same. While friends of Mr. Beck and family regret very much to lose them, they wish them much success, happiness and good health in their new home.

A Jolly Party.

A jolly party comprising W. W. Colson, J. D. Gardner, Mr. and Mrs. W. P. Carter, daughters, Misses Louise and Lucille, and son Norvil, and N. R. Carter, visited Manager Callison of Spring Park Farm Sunday and spent a most enjoyable time.

Manager Callison, who is one of the most hospitable hosts the world has ever produced, takes great pride in entertaining his friends, and showed the party about the farm, explaining every detail with interest. The party returned to the city well pleased with the visit and the furture prospects of the farm which Mr. Callison has the distinction to manage.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Bonnebore, Mo., who has practiced medicine for 22 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

JOHN BEARD AND THE 15TH AMENDMENT.

If the plans as outlined by Hon. John S. Beard and his construction of the laws of the United States are correct, he will become the best known man in the Southern States and will be able to receive any office within the gift of our people.

Mr. Beard has for several years been looking up the statutes of the legality of the 15th amendment to the Contitution of the United States and has had the legal opinion of some of the ablest constitutional lawyers in our State and has his brief in such stage that he will be able to introduce a measure in the next State Senate, of which he is a member, depriving the negro of the right to vote. This, of course, will be to make a test case before the supreme court of the United States, and from the preponderance of authority already on hand by that supreme body Mr. Beard believes that the decision willl be in favor of the annullment of the 15th constitutional amendment.

The amendment reads as follows:

The right of citizens of the United States to vote shall not be denied or abridged by the United States, or any State, on account of race, color or previous condition or servitude.

This amendment if annulled would put the negro on a plane with the Chinaman, Japanese, Mexican or Indian, in that he would be debarred from voting.

Mr. Beard, who has given this subject much thought and delving, claims that the Supreme Court has already decided in a test case "that the seceding States were never legally out of the Union; that while they rebelled, they were in point of fact still component parts of the Union."

This being conceded by the court, Mr. Beard contends that as there were no members present from the South the constitutional amendment was not legally passed, as the constitution requires that any amendment must be passed by a two-thirds vote of both houses of the National Congress and ratified by three-fourths of the States.

Mr. Beard, therefore, contends that as the South at the time Congress passed the bill proposing this fifteenth amendment had no representation whatever in Congress, and that as it never went out of the Union, as the Supreme Court has decided, they were entitled to this representation, and no law was valid without a majority vote, and no law proposing an amendment to the national constitution valid or binding unless it received the vote of two-thirds of both houses, including the representation of the seceding States.

Mr. Beard further contends that the journal of the national house shows that not two-thirds are recorded as being present the day this amendment was passed, but that it was rushed through on a viva voce vote, a clear violation of the Constitution itself. In addition it required three-fourths of the State Legislatures to ratify this amendment, and the seceding States were coerced in this ratfication by the threat that they would not be given back their status in Congress unless they did ratify it, and under this coercion they did so.

Mr. Beard has had the draft of his bill for many months and it has been submitted to the best legal talent for their approval and suggestion and he expects to make this the fight of his life, and it was for this reason that he received such a flattering vote for Senator.—Pensacola News.

As a friend of Hoke Smith, Democratic nominee of Georgia, recently publicly stated through the press that in his first message to the Legislature he would recommend identically the method of disfranchising the negro as Mr. Beard proposes, The Sun would like to know whether the idea originated with Hoke Smith or John Beard. The language used above is almost identical with that credited to Hoke Smith's friend.

However, the negro is very effectively disfranchised in Florida, and The Sun sees no necessity for the passage of any such bill as that proposed by Mr. Beard. It would simply involve the State in litigation which would result in no good.

PREMIUM LISTS READY.

Premium lists of the great Florida State Fair, to be held at Tampa, November 14th to 29th, are now ready for distribution and hundreds are being daily sent out to prospective exhibitors in every section of the State. President Brown has spent months in re-arranging the lists, comparing them with those of the greatest State fairs of the country, and securing suggestions from hundreds of experienced Fair workers in all parts of the Union. As a result, it may be truthfully stated that the lists are more complete than any ever issued by a State Fair.

Particular attention has been given to every department—agricultural, horticultural, industrial, citrus fruit, educational, live stock, mineral, woman's work, children's department, etc., and no porducts or articles of any kind known to Florida are left out. The names of the judges in every department of exhibition will be announced fifteen days before the Fair, and none but the most experienced, capable and fair-minded judges will be allowed to officiate.

Surprising even to the most optimistic Fair workers is the number of counties that are making arrangements to participate and compete for the grand prizes offered. On Monday a total of twenty-four had reported, and several others are expected to line themselves up before the end of the present week. It is confidently expected that there will be represented at the Fair not less than ten more counties than were represented at the Georgia State Fair, the largest ever held in the South excepting the Florida State Fair of last year.

This large number of counties competing is due to several reasons, among them being the great success achieved in conducting the Fair last year, assuring an even larger attendance of home-seekers this year; the fact that an excellent exhibit at the Fair assures Florida fine representation at the great Jamestown Exposition of 1907, and, last but by no means least, the fact that counties participating this year will have advantage in securing space at the great Panama Exposition to be held at Tampa, January, February and March, 1908.

Country life has its drawbacks, but it has its great advantages which overcome them. True, those who live in the country are "Rubes" and "farmers" and "hayseeds" to the cigarette smokers in town, but the boast of the business men in the world today is that they were born on a farm. Take away the surrounding evils that beset the young men or women on the threshold of life's journey in the city, and substitute the helpful influence of nature, and you fortify them for the sterner walks in life. The few things which they do not know about table etiquette and when it is proper to leave two visiting cards and when but one, they will catch onto much quicker than the city boys and girls will learn to properly stroke the furnace or make good bread. No boy or girl need be ashamed of living on the farm, for if they have taken advantage of what it has offered they are well fortified for after life.

This is the age of women. We find all the avocations, professions and trades of life opening their doors to admit the enterprising women. Some are going into their own, and some are going into other people's business. In our admiration for the new woman there is danger of forgetting the wife and mother and woman's true sphere as a home-maker.

Many more towns die for want of confidence on the part of the business men and lack of public spirit, than from opposition of neighboring towns and adverse surroundings.

SERMONETTES

Our national sin is the act of recklessly handing out our boasted freedom to hordes of foreigners before they get the filth of the old world washed from their faces.

Many a man with brain, imagination and heart, capable of high flight, has been brought within range of the enemy by some secret passion that held him from his place among the stars.

One's influence lives on and on when he is dead, like the after-glow of a sun long since gone down. It may have passed from view behind clouds dark and gloomy; or, it may be the sun-set filled with inexpressible beauty and glory.

The great painting, "The March of the Conquerors," is wonderfully true to nature. As far as the eye can reach here come Caesar, Alexander, the Great, Hannibal, Napoleon, Grant, Lee, and all the mighty. But they ride on a highway built of dead men's bones.

When Jenny Lind was stirring old Boston with her power of song Webster called on her. When he had gone she arose, walked to and fro, and with indescribable earnestness exclaimed: "Oh, that is a man, that is a man. I never saw a man before!"

There are still 20,000,000 square miles of the earth's surface that have not been explored.

A lawn without a flower is like a home without a child. We are pleased to say there are few such lawns in Gainesville.

Everyone is interested in an item of local news. If you know of any local happening that is not generally known communicate the fact to this office.

Editor Caldwell of the Jasper News proposes to keep warm this winter without the use of fuel. He is preserving flies of The DeLand Mercury and Tallahassee Sun.

The Live Oak Democrat truthfully says that "in a community or commonwealth where everybody is at work there is very little crime." Moral: Enforce the vagrant law.

The people who complain most of the short-comings of the local paper are the very ones who do the least towards supporting it. And Gainesville is no exception to the rule.

When a stranger drops in town, jolly him. Tell him this is a great city—and so it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe he has at last struck a place where good people live.

The man who has a wife and family and who refuses to take the home paper during the busy season because he hasn't time to read it has an extremely warped and selfish disposition and needs making over badly.

The railroads are not fighting the drainage of the Everglades. They have everything to gain and nothing to lose by the reclamation of these lands, for it will in no way effect the result of the suit now pending in the courts to require the Trustees of the Internal Improvement Fund to deed the lands to the railroads granted them by act of the Legislature.

Notwithstanding the fact that Senator Tillman had no opposition in his candidacy for renomination for United States Senator, he was scratched by one third of the voters in the recent primary in South Carolina. The Honorable Mr. Lumpkin now no doubt regrets that he did not stay in the race against the Senator.

Col. Bryan's advocacy of government ownership of the railroads is generally regretted by leading men of the South. They contend that such ownership would give the negroes equal rights with the white people and do away with the "Jim Crow" cars. Besides, it would be the means of establishing the greatest political machine in the world and perpetuate the political party in power at the time such government ownership became a reality.

Now that Pat Crow has taken up his residence in New York and threatens to break into Tammany the leaders of that organization are trembling in their boots for fear that they too, like the Republicans, will have to stand "Pat."

Appreciating State [illegible] November [illegible] every way [illegible] officials of the Fair [illegible] are determined to spare no expense in the matter of securing attractions which will be of a higher order than any ever before seen in the South. The Fair Association will spend alone $10,000 for the purpose of securing a magnificent hippodrome, similar to that which was seen by hundreds of thousands in New York. The engagement of the band secured for the two weeks of the Fair will cost the Association $7,000, and $10,000 that will be given as purses for horse races. Officials of the Southern Fair Circuit, composed of seven Southern States, are now in New York and Chicago securing additional attractions upon which thousands of dollars will be spent.

Of the millions of long-horned cattle which roamed the vast prairies of Texas thirty years ago but one survives. The last steer long since past the span of life supposed to be allotted to his kind, and his home is in the choicest pasture land on a ranch in Cameron county, southwestern Texas. In his early days old Longhorn and his kindred wandered at will over the thousands of acres, often suffering the pangs of thirst, for rains were rare and streams scarce, even in that section of the state. Now when he desires a cooling drink he goes to one of the many artesian wells of which there are more than one hundred on the well-kept farm of four thousand acres.

The "big head" is a popular way of expressing a common and very frequent ailment. It arises from various sources, but the real foundation is a lack of sense. A little money develops it in some people; a few good clothes give it to others; a little office, where a chance is given to exercise a little authority, is often the cause of it, while others get it from having a little better job than associates. The truth is no sensible person gets the "big head." The one who becomes stuck up and stiff-necked from sources of every kind is weak in the intellectual caliber.

If you never make any failures your success don't amount to much.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book to you that is worthy of your attention if needing a good, safe, reliable remedy of *known composition* for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

An aggressive business policy on the part of our business men, reaching out for everything within reach, encouraging all would-be comers, expending money when a two-fold return is reasonably certain, it would seem is one of the ways to best build up a city. A town is what its people make it. It may slowly grow by the little secretions that accidentally fall within its influence, or it can be pushed into vigorous and rapid growth by the aggressive activity of its business element.

The Republican Congressional Campaign Committee has been calling upon the masses, whom it is robbing by a robber tariff in the interest of a few, to contribute a dollar apiece toward the campaign expenses. So far they have not received as much as $1 for each Republican candidate. Evidently the people do not consider that a Republican Congressman is worth a dollar.

It is calculated that Mount Everest, the highest mountain in the world, weighs 4,878,781,255,881 pounds. If every man in the world were as strong as Thomas Topham, the strongest Englishman that ever lived, it would take 2,655,110,166,449 Thomas Tophams to lift the mountain.

A Pleasant Surprise.

A number of friends of Miss Margaret Williams, North Gainesville, tendered that young lady a surprise in the nature of a party a night or two recently. There were a great many present and the evening was passed in a manner appropriate to the occasion. Upon their departure Miss Williams assured the "intruders" that they had been welcome, and stated that she would not object to another visit of the same nature.

If rain had fallen during every battle of the recent war between Russia and Japan, the saving of life through the weight of the air alone would have been 4,371 Russians and 2,985 Japs. This is due to the fact that a Russian bullet travels 1,702 1-3 feet per second in dry weather and 1,311 feet in damp weather, while the barometric pressure affects the Japanese bullets less, they being waterproofed.

THOUSANDS OF FAIR WOMEN HERALD PRAISES OF PE-RU-NA.

Catarrh and Catarrhal Diseases Make Invalids of More Women Than All Other Ailments Combined.

Considers Pe-ru-na the Best Medicine In the World.

Mrs. W. J. Bryanton, 210 Sherman street, Dennison, Ohio, writes:

"I followed the directions you kindly gave me and now I find myself entirely cured. I think your Peruna is the best medicine in the world."

Heartfelt Thanks For Relief Found in Pe-ru-na.

Miss Jessie S. Dword, 37 South street, Passaic, N. J., writes:

"I took Peruna as you directed. I had a dry cough and after using two bottles of Peruna, I found relief. You have my heartfelt thanks."

A cough is caused by a catarrhal condition of the throat and bronchial tubes. Remove the catarrh and the cough disappears. Peruna is the remedy for all catarrhal conditions.

Permanent Benefit Followed Use of Pe-ru-na.

Miss May Cray, 147 11th street, Brooklyn, N. Y., writes:

"For more than five years I suffered from rheumatic pains in my joints, and in damp or stormy weather I was obliged to stay in doors.

"Medicine seemed to be of no use until I started using Peruna.

"I took twelve bottles in all, although it is six months ago since I stopped.

"I have had no return of my old complaint, in spite of the fact that I have been out in all sorts of weather during the severe winter."

No better remedy was ever devised by the medical profession for the mitigation of all climatic ailments than Peruna.

Pe-ru-na Used For Throat Trouble. Keeps the Remedy at Hand.

Mrs. J. A. Baker, 98 Locust avenue, Amsterdam, N. Y., writes:

"I feel it my duty to write and tell you what Peruna has done for me, so that all those who are troubled as I was may find the same speedy cure.

"Four years ago I lost my voice, so that I was unable to speak above a whisper for seven weeks. Our family doctor could do nothing for me.

"After seven weeks suffering, I read some circulars in regard to Peruna.

"I bought a bottle at once and took it in teaspoonful doses every hour, and in two days I could talk. I will never be without it."

DRAKE-BAUKNIGHT NUPTIALS.

Popular Young Lady Wedded to Brooksville Gentleman.

Archer, Sept. 5.—The wedding of Miss Alda Bauknight of this place and Mr. Edward Drake of Brooksville was solemnized on last Thursday evening at the Methodist church.

The church was beautifully decorated in green and white, a lovely arch of asparagus ferns and moon flowers adding much beauty to the scene. A grand collection of pot plants were banked around the altar, and altogether it was a beautiful sight. Promptly at 8 o'clock the wedding march was begun by Miss Annie McLean, and the bridal party came in; first, Miss Elsie Smith with Mr. Frank Bauknight, brother of the bride; Miss Leila Bauknight with Mr. Troy Herring, then the maid of honor, Miss Ruby Bauknight, only sister of the bride. The bride then entered with her father, Mr. Frank G. Bauknight. They were met at the altar by the groom and his best man, Mr. Frank Drake of Ocala. The impressive ceremony of the Episcopal church was performed by by Rev. Craighill of Gainesville. The ushers were John Chamblin and Guy Fleming of this place.

The bride never looked more lovely than she did that night. She was dressed in a white Eolian gown of taffeta, made Princess, with yoke of real lace. Her veil was gracefully caught back with orange blossoms, and she carried a shower bouquet of Bride's roses and ferns. The bridesmaids looked lovely in pink crepe de chine dresses and carried bouquets of roses.

After the ceremony the couple were driven to the bride's home, and thence to Gainesville to take the first train for their future home in Brooksville.

Miss Alda is the oldest daughter of Mr. and Mrs. F. G. Bauknight of this place, and one of our most popular girls. Her many friends regret very much to have her make her home in a distant city, but we wish her much happiness and feel sure that Archer's loss will be Brooksville's gain.

Mr. Drake is a member of the firm of Drake & Ball, architects of Brooksville.

On Wednesday evening, before the wedding, Miss Alda entertained the wedding party and a few friends at an informal reception, which was very much enjoyed. Delightful refreshments were served and the party enjoyed looking over the many handsome presents received by the couple.

The out-of-town guests were Mr and Mrs Frank Drake and daughter, Gladys, of Ocala; Mrs. Frank Taylor of Jacksonville, Mr. Troy Herring of Brooksville, Frank Bauknight of Jacksonville, Albert Hancock of Morriston, and Mrs Edward O'Donald of Jacksonville.

EXAMINATION OF COUNTY TEACHERS

Began Tuesday Morning, and Will Continue Until Friday.

THIRTY-THREE ARE PRESENT

Attendance Most Encouraging, and Indications Are That Alachua County Will Have Abundant Supply of Teachers For the Coming Term.

The annual examination for county teachers began Tuesdsy morning at 8:30 o'clock in Seminary Hall, and will continue for four days. The examination covers first, second and third grade certificates, the certificates required for everything but a senior school, which demand State certificate.

The examination promises to prove quite successful. There are thirty-three teachers in attendance, representing every section of Florida, also the States of Kentucky and Virginia. The examinations were to be held under direction of County Superintendent Dr. J. L. Kelley, assisted by Miss Serena Shannon, but owing to the fact that Dr. Kelley was suddenly called away to North Carolina on account of the illness of his father, Prof. W. N. Sheats filled his place.

Superintendent Kelley, in speaking of the scarcity of desirable teachers, expressed his gratitude at the large number attending this examination. There is little doubt but that Alachua county schools will be well supplied before the time arrives for the opening of the various institutions.

How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." BIG REWARD FOR SELLARS' MURDERER

Twelve Hundred and Fifty Dollars Combined Rewards Offered

COUNTY COMMISSIONERS ACT

In Addition to Rewards Offered by State and Relatives the County Commissioners Voted to Give $200 and Sheriff Individually $50

In addition to the above rewards one hundred dollars offered by Sheriff Broward in behalf of Governor Broward five hundred dollars offered by relatives of the murdered man and the board of County Commissioners at session on Tuesday offered an additional reward of two hundred dollars making a total of Sheriff Fennell an individual reward of fifty dollars, for the apprehension and conviction of the party or parties who murdered Special Agent Sellars of the Atlantic Coast Line at High Springs a few nights ago.

This murder is yet fresh in the minds of the people. It was one of the most brutal and cowardly crimes ever committed in the confines of the county, the victim having been shot down in cold blood while on duty as a watchman in the High Springs yards of the Atlantic Coast Line, after which the assassin escaped.

Sellars, who was formerly a member of the Tampa police force, had been sworn in as a special officer of the Atlantic Coast Line, and was assigned to duty at High Springs to investigate a systematic robbery of freight cars which had been going on in the railroad yards at that place for some time. He met his death the first night he was on duty.

This sad affair was deeply deplored by the people of High Springs, as well as others in every section of the county, and when the matter was brought before the commissioners Tuesday the reward of $200 was promptly offered, the action being unanimous. Sheriff Fennell feels also very indignant about the matter, and requested The Sun to announce that he will give $50 individually for the arrest and conviction of the guilty parties.

Chatham Won't Be at Macon.

Savannah, Ga., Sept. 4.—Chatham county will not be represented at the gubernatorial convention in Macon Tuesday, the delegates appointed by Colonel J. H. Estill, who carried this county, have decided not to attend the convention. A. B. Moore, who was to lead the delegation, made the announcement Saturday afternoon. There was nothing for the Estill delegation to do at the convention, Mr. Moore said, as everything was cut and dried; they had, therefore, decided to stay at home. The absence of the Savannah delegation means that Colonel Estill's name will not be presented to the convention.

J. H. Earle, who was the recipient of that $1sd axe from his partner, M. B. Mr. Earle stated in the meantime, however, that Mr Saunders had secured a pair of rubbers or overshoes for his $8.00 patent leathers, at a cost of something like $200. "Brother Saunders will be 'fixed' if he keeps on," good-naturedly remarked Mr. Earle, "but he can't have my axe back for any price. That axe belongs to me, and I have been sitting at a grind-stone all morning."

McKinely Monument Trustees.

Canton, Ohio, Sept. 4.—Secretary Frederick K. Hartzell, of the McKinley National Memorial association has sent out a call for a meeting of the trustees, in this city Oct. 4. Vice President Fairbanks, Postmaster General Cortelyou and others are expected to be present.

That young man who thinks he is poor because he has no bank account, little understands the value of God's free gift of health and strength, little appreciates the fact that the brightest and best of the country are self-made, and come to the notice of the world from just such beginnings. Not by idly moaning that they are poor, but by going carefully to work, perfecting themselves in their chosen pursuits and becoming so useful to those about them that their services are always in demand, whether it be on the platform, in the shop or in the kitchen, for all are honorable alike.

While the trusts by extortion increase living expenses, there is no economy in bachelorhood. From an economic point of view, it is far easier to get along with a wife than without one. An old bachelor, who can prosper in this monopoly ruled age, is a bird, whether he can exhibit any pinfeathers or not.

DEATH OF MRS. GRISSOM.

Well Known and Beloved Lady Has Passed to Her Heavenly Reward.

One of the saddest deaths which has occurred in this city for many years was the demise of Frances, the beloved wife of J. R. W. Grissom, which occurred at the home of her grandson John F. Seagle, at 5 o'clock Sunday afternoon, from the effects of paralysis.

Deceased was born in Effingham county, Ga., September 22, 1830, hence would have been seventy-eight years of age on the 22d of the present month. She came to Florida when quite a young girl, settling in Alachua county, since which time she has resided here. She was one of the oldest residents of Gainesville, having resided here continuously for forty-seven years. She had the pleasure of seeing the city grow from a black-jack hamlet to the present time, and, with her good husband who survives her, it was deeply interesting to hear her relate the past history of the city.

Deceased is survived by her husband, four brothers, John, Solomon, James and Dan Zetrouer, two sisters, J. F. Collins and Mrs. Carolina Tillman, all of Rochelle; two granddaughters, Mrs. J. S. Bashaw and Miss Ora Seagle, and one grandson, John F. Seagle, of this city, to whom the sympathy of the community is extended.

The funeral was held from the residence of Mr. Seagle, 401 East Main street N., at 3:30 o'clock Monday afternoon, Rev. T. J. Nixon of Kavanaugh Methodist church, officiating. The services were largely attended, and the floral offerings were numerous and handsome. They came from everywhere, which were evidence of the high esteem in which the deceased was held. The interment was in Evergreen cemetery, and the funeral cortege which accompanied the remains to their last resting-place was one of the largest seen here for some time.

Deceased was married in 1848 to Robert Walker, a very prominent man of his day. Her husband lived only a few years, however, and but one child, a daughter, was born to them. This daughter was Mary Walker, who afterwards married F. V. Seagle. She has been dead for more than twenty years. In 1859 she was married to Mr. Grissom, and since that time they have lived happily together. She was a devoted member of the M. E. Church, South, and up to a few years ago took an active interest in church and religious work.

While the death of this noble Christian lady was no surprise, owing to her advanced age and the fact that she had not been in the best of health for some time, it was nevertheless received with profound sorrow by every citizen of Gainesville, especially those who knew her more intimately.
